

Mandatory Refund Policy Acknowledgement - Summer 2024

Summer 2024 Withdrawal/Drop Policy

Students who drop a course but remain enrolled must drop by the Drop/Add (normally 2nd day of classes for summer and 5th day of classes for Fall/Spring) date to receive a refund. This is regardless of how many times or if a class has yet met. Students who drop a course but remain enrolled after the Drop/Add date will not receive a refund for the course dropped. If a student withdraws from the University (i.e. formally notifies the Registrar's Office that he or she is no longer attending ANY classes).

A refund for a complete withdrawal will be made based on the date of notification, as follows:
