

## Payment Agreement for Summer 1 2024 Classes - Schedule Protection

**\*\*This agreement is for students enrolled at Appalachian State University for Summer 1 2024. If you are viewing this message and not attending Summer 1 2024 you may click "cancel" to go straight to your account.\*\***

I am completing this agreement due to a timing issue associated with my funding to pay for the Summer 1 term. I understand that this agreement is intended as a procedural process to request a deferment of the course cancellation for non-payment requirement. By clicking submit below I agree to at least one of the following:

- I understand that I still owe all balances assessed on my account now or charges that may be added in the future and confirm that I do have a payment method secured to cover all costs from Appalachian State University, General costs can be found on the Tuition and Fees webpage.
- I am arranging for payment but the payment may not arrive by the May 21, 2024 course cancellation deadline.
- I have Student Financial Aid in process but it is not completed.
- I have requested and approved Private Loans that have not yet posted to my account.
- I have requested Educational Savings Plans that have not yet been received (including 529 plans and IRA withdrawals).
- I have funding from a third party (including payments like Veterans Affairs, Private Scholarship)

I also understand that not agreeing to this document does not invalidate any charges associated with my account. This is a procedural document intended to assist with some of the funding timing challenges associated with my account. Regardless of my selection with this agreement, I am responsible for the charges on my Appalachian State University Student Account.

Additionally, I understand that if my balance is not paid, I may be charged a late fee from Appalachian State University, I may receive a registration hold preventing registration for future classes, I may not receive copies of my academic transcripts or diploma, my North Carolina tax return and/or any NC education lottery winnings may be taken to pay past due balances, and I am subject to all late fees and interest authorized by the State of North Carolina.
